

DEPARTMENT OF PUBLIC WORKS

Project: Redesign of DPW Website
Contact Person: Kelley Conway, Engineering Division

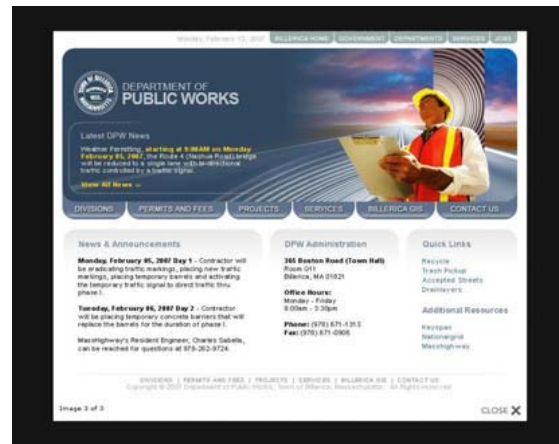

The design of the website is complete and updated periodically as needed. Under *Divisions*, you can see the breakdown of the Department of Public Works (DPW), along with responsibilities, hours, etc. of the various DPW divisions. We try to update the *Projects* monthly. Job sheets for individual projects were developed and are linked to the respective project description. The *Services* page contains frequently asked questions (FAQ) that guide residents. *GIS & Maps* includes current Assessor's Maps and other useful information.

Original Website 2007

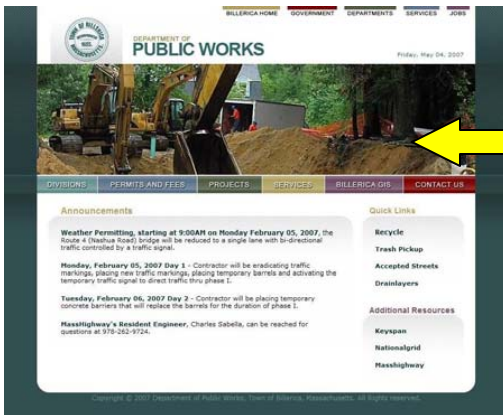

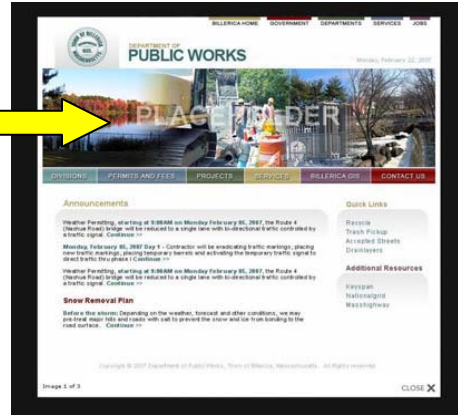

Preliminary Design 1

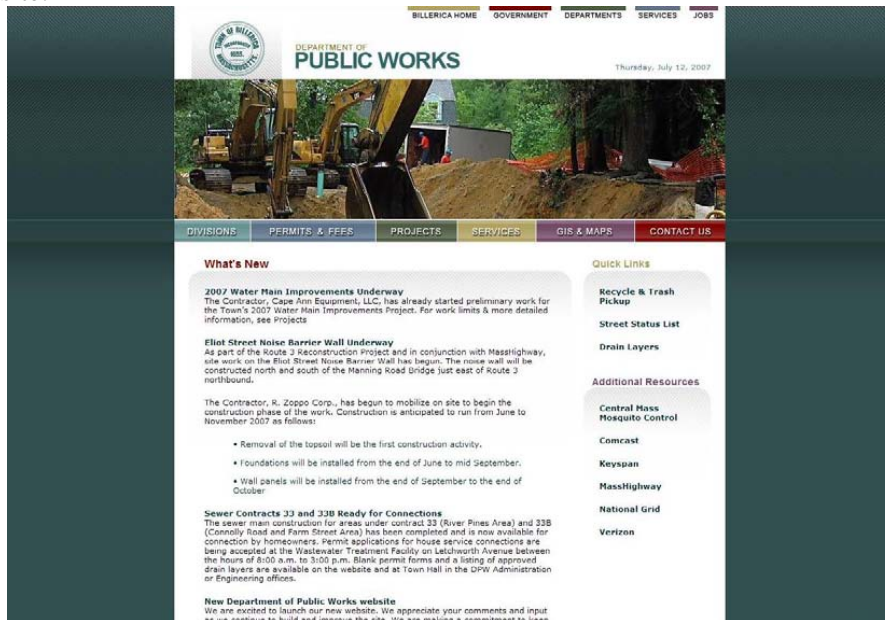

Preliminary Design 2

*Pre-final design of the website
(Image on the front page was
a collage of pictures represented
by every division of DPW)*

*Final design of the new website (Image
on the front page is now an animated
script that changes photos for every 3
seconds)*

The new DPW website can be viewed at www.billericadpw.org or through a link through the Town website.
