PUBLIC WORKS

Project: Sewer Contract 36
Webb Brook & Allen Road Area
Contact Person: Diana MacLeod/Antonio Fernandes, Engineering Division

Sewer Contract 36 is located in the Webb Brook and Allen Road neighborhoods. BETA Group is currently designing the sewer for this area, so that we can incorporate a dry sewer main on Allen Road into the Allen Road Reconstruction TIP project. The sewer construction for this area will follow the Town’s master plan for sewerage.

The roads included in this contract area are Allen Road, Battcock Road, Ravine Road, Dell Hollow Road, Sylvan Road, Riverdale Road, Whittemore Terrace, Intervale Road, Marshbrook Road, Devonshire Drive, Scroton Drive, Arcadia Road, Rural Avenue, Garden Brook Road, Webster Lane, Wentworth Drive, and Winsor Road. A project locus map is shown below.

Project Location Plan

Survey and borings for this project have been completed. The estimated overall length of sewer to be installed under this project is 27,500 linear feet and includes a crossing of the Shawshen River.
